

STARFIRE FAMILIES

In 2019 the Westfield Starfires will compete in the Futures Collegiate Baseball League (FCBL) out of Bullens Field in Westfield, MA. The FCBL is known to attract some of the best young baseball players from across the as they seek to further their baseball careers.

With our inaugural season upon us, the Starfires would like you and your family to be a part of it. By helping these young men feel at home in our city and becoming a Starfire Host Family, you can help us be a part of history as a new era of baseball takes flight in Westfield!

As a host family you would be asked to provide the following to one or more of our Starfire players this summer:

- Private bedroom & bathroom May 26th - August 16th
- Washing machine and dryer for personal clothing
- Meals & snacks:
- Parking: some players may arrive with their own vehicles as host families are not responsible for transportation
- Linens: Including sheets, blankets, and towels.
- Camaraderie: Introductions to shopping, dining, and recreation in Western MA
- Other comforts that include air conditioning and wi-fi access

The Westfield Starfires play every day over the course of the summer months with the exception of a few off days. Each incoming athlete who requires a place to stay will be asked to fill out a questionnaire that will identify preferences on living with pets or kids as well as other noteworthy information. From the questionnaire we are able to match each player to a host family in order to ensure they have the best possible experience during their stay in Westfield.

For your participation in our program, host families will receive:

- Tickets to all Westfield Starfires home games
- In-game recognition at a Starfires game
- Invitations to special Starfires Season Kickoff event
- \$50 Merchandise credit for each player hosted

For more information about being a Starfire Family, please contact Director of Baseball Operations Evan Moorhouse at evan@westfieldstarfires.com

181 Notre Dame St. Westfield, Ma 01085
